. He felt nosadness at having left home and family behind him.

## Travels in the White Man's Grave: Memoirs from West and Central Africa

Somehow, though, this particular leopard and the author developed a distant, but respectful relationship.

## Travels in the White Man's Grave by Donald Macintosh

He also heard more than his share of ribald and amusing stories at the expense of both natives and crusty colonials.

## Travels in the white man's grave : Macintosh, Donald, 1930

. Some chapters were great, with incredible characters, and some were rather dry. At this time the treecutter was armed with an axe.

## Travels In The White Man's Grave by Donald MacIntosh

The forests have been decimated, and with them have gone the people and the creatures that lived in them long before the coming of the white man's chain saw. He wasfilled with excitement and expectancy. These forests inhabited the minds of most Westerners as places of foreboding.

## Travels in the white man's grave : Macintosh, Donald, 1930

The sinister arcanum of primitive Africa is never too far away from the surface in this book, encountering a host of characters along the way - with

exotic names like 'Magic T.

**ricklibrarian: Travel's in the White Man's Grave by Donald MacIntosh**

During the next 30 years he was to wander through some of the most remote areas of West Africa where he operated as a forest botanist. At the beginning of the 1950s, the interior of West and Central Africa was still known to most of the outside world as The White Man's Grave, and there were still large parts where its forests were primeval. He drank palm wine with them and attended their village dances and ceremonies under the tropic moon.
