Quality Assurance in Education 16 4 : 347-362. Effective benchmarking: Learning from the best.

## Practical Considerations When Using Benchmarking for Accountability in Higher Education

If in doubt, please consult your TEQSA case manager. What does external referencing encompass? The purpose of benchmarking is not to standardise all courses and all assessment outcomes, but to reveal variations, and establish whether those variations arise from the individual nature of the courses or the student cohorts, or from variations in quality or academic standards. Not for profit, requires a license to use.
