## Worker Health, Hygiene, and Training

Information should be reinforced continuously through the use of posters, refresher trainings, and by management setting a good example. The unit applies to all organisations with permanent or temporary kitchen premises, smaller food preparation, or bar areas. Prevent unnecessary direct contact with ready to eat food.

## Food Safety and Sanitation

Report personal health issues likely to cause a hygiene risk. The final exam, which includes a Food Protection Course Review, is available virtually for those who have completed the online course. These risk factors include the types of food served, the amount of preparation that is required, the population that is served, and the quantity of food that is prepared.

## Worker Health, Hygiene, and Training

There is no upper or lower age limit for completing RSA or RSG training. Cease participation in food handling activities where own health issue may cause food contamination.

## Worker Health, Hygiene, and Training

The study guide and exam are offered in English and 36 other languages. At the end of each section is a multiple choice quiz.

## Food Handler Safety Training (for Southern Nevada Health District)

You must complete each lesson and pass a quiz before moving on to the next lesson.

## Worker Health, Hygiene, and Training

What type of computer can I use? The report forms are part of the overall assessment. Refer to the individual course, for requirements.

## **Food Safety and Sanitation**
