## Staffing in School Education

Other aspects of collaboration in research are in various stages of development. Sei'r y data ar sampl 10 y cant. New initiatives will be discussed in academic departments so that maximum advantage may be derived from the teaching and marketing resources that are now becoming available.

## Schools and Staffing Survey

Yn arwyddocaol, yr oedd 70 y cant o gartrefi Cymraeg eu hiaith yn ddi-blant, ac yr oedd yr aelwyd, y pau traddodiadol lle y diogelwyd y Gymraeg dros y blynnyddoedd, mewn perygl enbyd. At its meeting in March, Council agreed that we should seek University title as soon as possible following confirmation of Degree Awarding Powers under the name Aberystwyth University. One is the introduction of the Framework Agreement on the modernisation of pay structures.

The reduced number of applications has led to a fall of over 10% in the number of students holding us as first choice. The changes take a number of developments into account: 3 i our application for Degree Awarding Powers DAPs , ii likely application for University title if our application for DAPs is successful, iii the moving of a whole raft of matters of to the Ordinances in line with advice received from DfES and WAG , iv modernisation of language and use of generic terminology, v full recognition of Council as the sole governing body. We have conveyed an expression of interest to the Centre for the Development of Welsh Medium Education in order to participate in the project of a staff development scheme for all HEIs in Wales.

### **Schools and Staffing Survey (SASS)**

We participate fully in the implementation of the development plan, and have academic representatives on seven of the subject network panels.
