The two Late Khotanese texts contain quotations from known Old Khotanese texts, and the Mañjuśrī text even cites long passages from the Book

of Zambasta.

HOERNLE, Augustus Frederick Rudolf

Apart from the question of whether Li Shengduo collection contained fakes, certain scholars therefore believed the forgers did not make the actual manuscript themselves but simply added false colophons or inscriptions. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. Rounding and exceptions from rounding in East Tocharian.
