Review: [Untitled] on JSTOR

Today, The Economic Journal is among the foremost of the learned journals in economics. In addition to regular papers, some issues contain contributions to a series of 'Surveys and Speculations' which are more reflective survey articles. The Review welcomes contributions based on the full range of methodological approaches used by economic and social historians and is pleased to publish high quality research on the economic and social history of any area of the world.

N. S. B. Gras and Elizabethan Corn Policy; A Re

The Economic History Review publishes articles based on original research on all aspects of economic and social history.

The Evolution of the English Corn Market — Norman Scott Brien Gras

Each issue also contains a substantial number of book reviews. It currently publishes more than 6,000 new publications a year, has offices in around fifty countries, and employs more than 5,500 people worldwide. It furthers the University's objective of excellence in research, scholarship, and education by publishing worldwide.
