## Mt. Carmel Cemetery records, Baltimore, Maryland (1998 edition)

I was told in 2008 that the cemetery was working on restoring the graves one section at a time. For more information on how to locate offline newspapers, see our article on.

### Mount Carmel

When this material is used, in whole or in part, proper citation and credit must be attributed to the Maryland State Archives.

### Baltimore City Co., MD

I think the ultimate goal would be to develop a stewardship plan. I would definitely be willing to help after I can walk again if anyone organizes a clean up.

### Baltimore City Genealogy (in Baltimore County, Maryland)

A teacher and history buff, I thoroughly enjoyed the old of it all.
