5 Steps to Living Your Dreams

And then months later with support from my family, I started to see my goals I life, that splinter in my head finally came out, I pulled myself together somehow which seemed impossible regarding my circumstances, and told my family and myself that I was joining the military. Consider your desires for sensory gratification—sound, touch, sight, taste, and smell.

The Problem with “Follow Your Dreams”

Ready to start flowing with the Universe, instead of against it? We've been taught that happiness only comes when you achieve greatness, achieve the impossible. We can visualize our intention, repeat it silently to ourselves, or feel it in our body—and then we let it go, planting our seed of intention in the infinite field of all possibilities. Passion doesn't have to be defined by being an activist.

Living the dream

The stark truth is that the environment for private investment is weak. So I faced my fears head on and joined, i began my basic training with a bunch of strangers which were soon to become the best friend's I'd ever have and a drill instructor hurling abuse In my face, I'd thought that this couldn't be my dream! BUT there are also lots of other times where I passionately hate this dramatic life. We have to fix the imbalance and put in place a more equal partnership between the three spheres.

Living the Dream

I've met so many people that have hidden gifts and talents and they did not pursue those gifts because they were scared. There's almost no time to relax, in this kind of setting .
