You can check with your board to determine if this course would be accepted by your licensing board. The 7th Edition features new case studies with Reflect and Apply Questions to help students think about how to apply therapeutic principles; end-of chapter questions that are designed to help readers think critically about the principles in the chapter and consider how to apply them; and additional content highlighting the essential concepts in each chapter.

The Essentials Of Family Therapy

You can also use two screens if you would prefer. Chapter 1 identifies concerns that new therapists frequently have, such as building confidence in their clinical work. We cannot guarantee that every book is in the library! The second edition features a new chapter on neuroscience, new interviews with master therapists on topics such as LGBT families, EMDR and research, and coverage of ethical issues concerning electronic safety and telephonic therapy.

Essentials of Family Therapy: A Structured Summary of Nine Approaches

No other text includes the gamut of family therapy models, with specific transcripts of why, when, how, and what therapists say to their clients. Similar to another classic work from the same authors, titled Family Therapy: Concepts and Methods, Sixth Edition this volume contains up-to-date descriptions of the latest illustrates family therapy techniques. Chapters on every model also provide responses to one, realistic case study with commentary and analysis by master therapists to illustrate how each one addresses the same scenario.
