**Set Apart People Biblical truth about frequencies in health and healing.**

If God is not part of these false gods of medicine then by default we are worshiping the devil to receive our healing.

**God Healed My Depression, But I Don't Know if He'll Heal Yours**

May the Holy Spirit guide and comfort and strengthen me. The doctors offered no hope.

**God's Healing Touch**

Yet you believe in them and you believe you have eternal life in heaven even though you cannot see it. It is also said that the human body has a special vibration frequency, and so does every organ, even every disease has a specific frequency. Is there a way to find out for certain what God wants for us? Many times it is a fear of side effects that drives the exclusion of medicine, or a prior experience where a patient was extremely dissatisfied with his or her health care; but I frequently hear patients say that God is telling them to reject treatment as an act of faith.

**Should we use doctors, or just have faith that God will heal?**

And faith speaks what the Word says. God chooses doctors I believe that God calls people into different vocations so that their strengths can be used to care for others and bring glory to Him.
