## Biography

Much more coal could be got if accommodation could be found for additional mine workers. During his studies at the University of Melbourne, Menzies served as of the Students' Union. The highlight of the first was the appointment in 1956 of Sir Keith Murray's committee to inquire into the financial plight of Australian universities, and Menzies' insistence that the committee's recommendations be fully implemented for the provision of life-giving funds by government under conditions which preserved university autonomy.

The country excelled in a world market oriented toward volume production, but market leadership today increasingly requires greater flexibility and creativity than the kaisha have traditionally encouraged.

## I, Spry (TV Movie 2010)

Lind claims that it was the Jewish population that was the synthesis for the anti-war effort among collegiate students. After Japan's attack, Menzies seconded most of Curtin's initiatives, though as the crisis waned he was indignant about Labor extremists' allegations that the Curtin government had inherited a nation which was virtually defenceless.

## India and US must know the new Cold War is a different beast

Menzies came home to a hero's welcome.

On the contrary, if it's the government who says it then it must surely be contended with. To Lind the US adventures in Vietnam were not, or not especially, about anti-communism, but were especially about US credibility, not just in the region but in the wider world. He won a variety of prizes, exhibitions, and scholarships during his time as a student, graduating as a LL.
