## History of International Communication Studies

Temporary service is also available on a short-term basis during special world events and times of special communications requirements. Manifest functions are the consequences of a social process that are sought or anticipated, while latent functions are the unsought consequences of a social process.

## Transactional Model of

### Communication

INMARSAT initially leased the MARISAT and MARECS satellite transponders, but in October of 1990 it launched the first of its own satellites, INMARSAT II F-1.

**US4402480A**

Theories of Society: Foundations of Modern Sociological Theory. One reason was that the United States ended its military involvement in Vietnam. These had included televising parts of the 1964 Tokyo Olympics.

### The Overlooked [But Crucial] Skill of Police Communication

New Technology One new technique of the 1990s is called frequency reuse, which expands the capabilities of satellites in several ways. The Soviets developed an ingenious solution by launching communications satellites into highly elliptical orbits.
