## Source de droit

Quod si lex posterior tollat legem vel saltem poenam, haec statim cessat. In the first case, the Demon does not copulate with Witches or Wizards until after a solemn profession, in virtue of which such wretched human beings yield themselves up to him. The faculty to present cases directly to the Holy Father for dimissio e statu clericali or depositio, una cum dispensatione a lege caelibatus; to proceed in this manner, in addition to the extreme gravity of the particular case, the commission of the delict in question must be manifest and the right to a proper defense of the accused must be guaranteed art.

## Codex Iuris Canonici

Si diuturna contumacia vel scandali gravitas postulet, aliae poenae addi possunt, non excepta dimissione e statu clericali.

## Ludovico Maria Sinistrari's De Daemonialitate and its Transmission in Manuscript and Print

Nec dicendum gravitatem majorem in Daemonialitate petendam esse ab irreligiositate, seu superstitione ex societate cum Dæmone, ut scribit Cajetanus ad 2. Book a primary source exhibit and a professional speaker for your next event by contacting Historic.

## Ludovico Maria Sinistrari

Praeter eos, qui in cann. Since 1983 there has been an extensive exegesis of the term actu formalis.

## Bishop Accountability

This right is conferred partly by the divine law in reference to the necessary means of salvation, especially the Sacraments; and partly by ecclesiastical law, as regards the Sacramentals, Sacraments not necessary by divine precept, etc. Paenitentia, quae imponi potest in foro externo, est aliquod religionis vel pietatis vel caritatis opus peragendum. In his casibus, praeter iudicium de illegitimitate, cognoscere etiam potest, si recurrens id postulet, de reparatione dannorum actu illegitimo illatorum.

## Library : Normae de Gravioribus Delictis

Nonetheless, the reference to the Sacrament of Penance as being valid in a non-Catholic church did puzzle me. Lex particularis potest etiam poenis universalis lege constitutis in aliquod delictum alias addere; id autem ne faciat, nisi ex gravissima necessitate. I might be more fortunate at the Library of St Sulpice Seminary.
