## **Battle Tactics of the Western Front: The British Army's Art of Attack, 1916**

### **Battle Tactics of the Western Front: The British Army's Art of Attack, 1916**

Evaluating the great gap that exists between theory and practice, between textbook and bullet-swept mudfield, Griffith argues that many battles were carefully planned to exploit advanced tactics and to avoid casualties, but that breakthrough was simply impossible under the conditions of the time. I-UNIVLIB: Copy 1: Robert L.

Despite the deep attrition that was unquestionably gnawing its destructive path through units which had been in the line since 1914—15, the Somme battle actually left the majority of its. He also writes from a broad scholarly perspective, having made a mark for himself in the historiography of Napoleonic warfare and the American Civil War.

Payton Collection Floor 2nd Floor Library Northwest Library Gary Call Number D530. They were concerned that the preliminary bombardment should be accurate and sustained, that the creeping barrage should fully neutralise the enemy, and that the attacking infantry should show local initiative and effective tactics during all three phases of assault, mopping up. This is a significant addition to First World War studies.
