## The curious mystery of Galway's vanishing gap

It is reputedly the oldest in Europe and dates back to the 18th century.

## The curious mystery of Galway's vanishing gap

Irish Naturalists' Journal 23 8 , 293-298. They are of great interest to many scientists: are interested in how turloughs were formed, try to explain what makes turloughs flood, study the unusual vegetation which covers the turlough floor, and study the animals associated with the turloughs.

## Micheline Sheehy Skeffington

When they reached the middle of the lake, the cold water reached the bellies of the horse who became nervous. As early as 1870 a paper was read to the Geological Society of Ireland suggesting this identification.

## Ireland's Jewish community fades further each year

The 1940's, and 50's were tough times for everyone, young and old, not alone in Cavan but in the whole country. In these areas, rainfall disappears underground, flows through openings in the rock and then rises at distant : large springs can be found to the west of the area, flowing into and.
