## Benjamin West

And yet—yet—— Besides, there are sins in the cloister as well as without. In conclusion, I wish to acknowledge also the help of my associate and assistant for thirty years, Wolfgang Rennert, whose work on the index was interrupted by his sudden untimely death on March 2, 1977.

## The Scottish National Portrait Gallery, Edinburgh

West was almost immediately commissioned to paint portraits of King George III and his family. Records Susan Myra Kingsbury, ed. Interesting to see the similarities and differences.

## The Scottish National Portrait Gallery, Edinburgh

It was the first duty of the mediæval builder to provide a wall of defense. With 3 maps and 41 illustrations.

## Floret's Favorite Things

But in any event the comments are those of someone well informed about Virginia. A man of great energy and encyclopedic interests, Peale gained even greater fame in the 1780's for establishing Peale's Museum in Philadelphia, America's first systematically and scientifically arranged museum of art and natural history. He was the second president of the Royal Academy serving from 1792 to 1805 and 1806 to 1820.
