Regionally, the end of Portuguese fascism hastened the assumption of power by FRELIMO and the MPLA in Mozambique and Angola respectively; while in what was then Rhodesia, Smith's illegal UDI regime was under increasing pressure from ZANU and ZAPU.

Rochester Review :: University of Rochester

For Protestant Europe, to be idle was to defy the fundamental divine edict; to be improvident, to look to God to save oneself from starving, was an offence. Vg plus to Near Fine but all issues have library name stamp on front cover. Yet this knowledge was one-sided: the African was silent, unable to resist British projects that involved the 'native inhabitants', and incapable of challenging the images and descriptions which were designed for them.

African nationalism's pathological obsession

Over 70 detainees died in detention during this period. He explains that a 'technical incitement to talk about sex' developed simultaneously with the administrative concern for the welfare of the population. ON A COLLECTION OF BIRDS FROM N.

Whidden Lectures

According to Foucault, not only has power generated individuality in the field of observation, but it fixes that objective individuality in the field of writing. The NSMS became fully functional in the mid-1980s as the apartheid state attempted to destroy the mass popular resistance which had taken root by this time. Brown cloth with gilt lettering.

Vol. 26, No. 3, SUMMER, 1957 of The American Scholar on JSTOR

His analysis is certainly concerned with the birth of clinical medicine, with the birth of psychiatry and with the birth of the prison.
