## Gender in Primary and Secondary Education

The author argues that now the challenge of gender mainstreaming goes beyond building schools and ensuring access, to sustaining these gains to secure the future of education for girls. It may include closed questions only or a combination of closed and open-ended questions.

## Gender in Primary and Secondary Education

In some cultures it may be necessary to hold separate meetings for women and men.

## Gender stakeholder consultation

This includes defining the purpose of the consultation and topics to be covered, identifying those that have to be consulted and paying attention to ensuring gender balance and an adequate representation of organisations with gender expertise.

## Gender stakeholder consultation

From this perspective, gender stakeholder consultation is crucial not only for understanding gender issues at stake in the respective intervention, but also in signalling possible bottlenecks and undesired effects in the planning and implementation process.

## Gender in Primary and Secondary Education

In this process, the focus is on ensuring that the needs and priorities of women and men are heard and reflected in public policies and. Format: Paperback Explores the gendered dimensions of risk, vulnerability and insecurity and hence the need for a gender perspective in the design of social protection measures.

## **Gender in Primary and Secondary Education: A Handbook for Policy**

It encompasses the participation of each single member of the group in the discussion and results in a set of prioritised solutions or recommendations.

This chapter traces education in Tajikistan using a gender lens during three time periods with distinctly different educational conditions: Pre-Soviet prior to 1924 , Soviet 1924 to 1991 , and Post-Soviet 1991 onwards. For women to be able to participate, ensuring childcare arrangements and facilities is of the utmost importance.
