What Is Socio

The most visible and pernicious toll-gate is, of course, the practice of impressment by traffic police to obtain bribes. Do not be surprised if government officials from other large cities in the world who confront the multiplicity of urban challenges, from Caracas in Venezuela to Cairo in Egypt, soon appear in Lagos to borrow ideas and practices. One of my popular courses when I taught at the University of Ibadan, 1976-79, was âThe Theory of the Stateâ, so I have been wrestling with these issues a very long time.

Often they won't know that's what they are doing, but there it is.

Nigeria Overview

This is as much a national emergency as the power crisis President YarâAdua identifies. AFGA is an initiative of Benson Idahosa University, Benin City, Nigeria and Envirofly Group, United Kingdom that identifies the role of academic institutions in Africa towards meeting and addressing the current global challenges of climate Change and the Environment.

Economic Transformation and Developmental Governance in Nigeria: The Promise of the Obama Era

If the unknown amount of crude oil lost to theft or bunkering were added to the barrels legally exported, Nigeria would still be Africaâs leading oil exporter with a potential capacity of three million barrels a day bpd. Modelling results reveal the negative impact of increasing risk factors that guides production decisions and some level of resource under utilisation and misallocation in actual practice partly adduced to risk avoidance behaviours therefore, the greater potential for farm families to be able to meet up with their food security goals through appropriate actions.
