The Process of Corporate Decision Making

Filesize: 34.210 MB

On the other hand, if the operating cost is low, business can afford to pay high fixed charges therefore, more of debt financing may be preferred. Interest is a deductible expense, saves tax liability of the business making the source of finance cheaper.

Introduction to Financial Management

As the story goes, Steven Spielberg's son was a fan of Reese's Pieces, a new chocolate-covered peanut butter candy released by Hershey in 1980. Caterpillar is scheduled to release earnings figures on January 31.

Introduction to Financial Management

This is what the Internet used to look like. It means that your business receives accurate and quality services at minimal expense.

Introduction to Financial Management

Definition: The Financing Decision is yet another crucial decision made by the financial manager relating to the financing-mix of an organization. If these decisions turn out to be wrong, there occurs the heavy loss of capital which is a scarce resource.

What is Financing Decision? definition and meaning

Firms that are in the growth stage of their cycle typically finance that growth through debt , to grow faster.
