## Cleansing the German Conscience?

Her careful reading of the voluminous Nazi writings on race traces the transformation of longtime Nazis' vulgar anti-Semitism into a racial ideology that seemed credible to the vast majority of ordinary Germans who never joined the Nazi Party.

## The Nazi Conscience

Koonz does a great job of deconstructing the ideas, especially ethnic nationalism and a rejection of human equality, that shaped the policies and crimes of the Third Reich. The signs are it will soon add military dominance to that power. Koonz does not play her arguments into evocative or forceful prose.

## 21 Vile Nazi Propaganda Posters That Are Insidiously Well Made

Neither did she shy away from drawing connections with other movements outside of Germany, which is not surprising as you had many Nazis outright saying whom and what they considered and inspiration.

## 21 Vile Nazi Propaganda Posters That Are Insidiously Well Made

We cannot run from Trump, and if he wins, we need to stay and make sure that prejudice and racist laws do not become acceptable. I often conjure the femme fatale of the Indiana Jones and the Last Crusade character, Dr.

## Thinking Out Aloud: The Nazi Conscience (1)

It reveals that Nazi ideology took many forms, adopted many routes, and used a multitude of tactics to change the way people treated their neighbors, how German Jewish citizens slowly became alienated outsiders destined for extinction. The Nazi Conscience chronicles the chilling saga of a modern state so powerful that it extinguished neighborliness, respect, and, ultimately, compassion for all those banished from the ethnic majority. The author had the guts to say that our con This was a very interesting book.

It also talks about the role of academia a lot.

### **The Nazi Conscience: Koonz**

By showing how Germans learned to countenance the everyday persecution of fellow citizens labeled as alien, Koonz makes a major contribution to our understanding of the Holocaust. Koonz also presents her reader with a large number of illustrations: prosperous Jewish men all looking like fat Woody Allens menacing athletic blonde German girls; Hitler smiling among the little children, close-ups of the Führer's graceful poetic hands, etc.

And so writers, historians, students, both the average person and the intellectual keep reaching out for more answers and understanding to try to find some sense, some reason, that so many could deal in such insanity. Koonz cautioned that nostalgia for imagined glory is a potent force that could rally aggrieved citizens to ethnic nationalism elsewhere.
