### Uncertainty, competition mark the space between the EU and Russia

Probably, but nonetheless the key parameters were laid out pretty clearly. Analysis can't identify which outcome will actually come to pass, though it may help establish probabilities. Therefore, it is unlikely these major initiatives will see substantial progress in 2019.

### Uncertainty, competition mark the space between the EU and Russia

Trust in the president is particularly low. Still, it is critical to avoid the urge to throw up your hands and act purely on instinct. If that happens, it would convince Indian policymakers to step up military modernisation so that India not only effectively counters Chinese threats and aggression but also starts imposing significant deterrent costs on Beijing.

### A state of uncertainty

Goldman focused her research on three periods: the post-Crimean War period, the inter-World War period, and the post-Cold War period. Gorbachev lead the Soviet Union out of the communist regime, and a new leader from outside that party was destined to lead the Soviet Union instead of Gorbachev. Far from being an immobile structure, the regime continues to show an impressive capacity to adapt to new contexts and take on new and challenging geopolitical environments.

### The return of Russia as a superpower

The old ideology was discredited, yet no newfound conviction could unite the country.

### Political Uncertainty Will Plague Europe Throughout 2019

Shapers need not make bets as enormous as the Malaysian government's to be successful in level three or four situations.
