Acute hospital dementia care: results from a national audit

Ethos and life of the school The starting point for learning is a positive ethos and climate of respect and trust based upon shared values across the school community. Young people who become successful learners, confident individuals, responsible citizens and effective contributors, are young people who are more likely to make healthy and positive life choices in the longer term.

Dementia services

Search Alzheimer Scotland's Watch the Care Inspectorate's video called Archie and Heather talk about Dementia. Health and Wellbeing HWB constitutes a core part of CfE.

Caring for patients with dementia

Action 15 stated that ' Each NHS Board will assess the physical, mental and emotional health needs of all Looked After children and young people for whom they have responsibility and put in place appropriate measures which take account of these assessments. Additional Support for Learning Some children need extra support to help them learn. Prevalence, correlates and course of behavioural and psychological symptoms of dementia in the population.

Younger or early onset dementia

This kind of lived experience research is so important.
